	Related Administrative Procedures:

Purpose: To establish Enterprise Risk Management (ERM) roles and responsibilities, as well as the strategy of the Division to manage its risks. The Division will identify and manage its enterprise risks in support of its vision, values and guiding principles, goals and strategic plan. The Division cannot seek to eliminate risk; rather, it will provide that existing and emerging risks are identified, communicated and effectively managed.

Roles and Responsibilities:

1) Risk Committee

The Risk Committee is comprised of the Director, Deputy Director, Learning Superintendent and up to three (3) Board members. The Committee has been delegated certain responsibilities for oversight of the ERM program. The Committee is responsible for reviewing and presenting to the Board, as required, the following:

- Changes to the Division's ERM framework [needs to be developed]
- Changes to management' risk appetite/tolerance levels, if formally developed.
- Management's risk registers and risk assessment results for the Division's top enterprise-wide risks.
- Action plans to address risk mitigations and opportunities identified as high priority by management.

2) Director of Education

Is accountable to the Board with respect to ERM, and is responsible for ensuring the ERM framework approved by the Board is implemented and operational through:

- Championing risk management within the Division to ensure the Division remains focused on risk.
- Integration of ERM into the development of strategic, business and operational plans and operational decisions.
- Ensuring effective risk identification, risk assessment, risk management and risk monitoring processes within the Division.

- Consulting, as required, with the Division's employees or external consultants to effectively management all aspects of risk.
