May 28, 2021

Dear Prairie Spirit families:

The Saskatchewan Health Authority (SHA) is planning optional and voluntary vaccination clinics for students aged 12 to 17 in local communities for those families who choose to access this service. We understand and respect that each family will make their own decision regarding vaccination.

At this time, the SHA plans to schedule time for elementary-aged students at the end of the school day for the vaccination clinics in Prairie Spirit School Division, so parents can choose to accompany their child, if they wish. High school vaccinations will start in the afternoon and continue after school. These vaccinations clinics will be held in the community at a community centre or possibly at a Prairie Spirit school. Your school will be sharing SHA’s vaccination clinic details early next week.

The SHA has provided vaccine information and a consent form for each student that will be distributed by the school. After that, vaccination consent forms will not be handled or collected by school staff in any way. The school will not have any record of who is vaccinated and who is not. Students/families are asked to bring their consent form with them to give to the nurse when they attend the vaccination clinic. Appointments for this clinic are not necessary.

As another option for families, the Saskatchewan Health Authority will offer drive thru clinics for student vaccination at the Prairieland Park Mass Clinic on the following dates from 12 to 8 p.m.:

- Wednesday, June 2
- Friday, June 4
- Saturday, June 5

A drive thru vaccination clinic will be held at the Warman Firehall on Saturday, May 29, 8:30 a.m. - 8 p.m.

Please contact the Saskatchewan Health Authority if you have questions about the vaccine and the vaccination process. More information is also available on the Government of Saskatchewan website: [Vaccination Details for Youth | Vaccine Delivery Phases | Government of Saskatchewan](http://www.saskatchewan.ca), including a list of frequently asked questions and the vaccination consent form.

Sincerely,

Lori Jeschke
Director of Education
