November 7, 2022

Dear Prairie Spirit families:

We would like to provide a brief update on our ongoing transition to two new electronic student data systems in all Prairie Spirit schools.

Prairie Spirit is moving to the Ministry of Education's student data information system called MySchoolSask (MSS). All school divisions in the province are now connected to this student data information system. As a result of this change, all of our schools are now using an interactive platform called Edsby, which has replaced PowerSchool.

As with any new implementation, there are some growing pains and bumps along the way. We are currently working with our service providers to prepare student progress reports. Unfortunately, we will need to adjust our plans for progress reports this fall. Your school will contact you with an updated date for the delivery of progress reports. If you have any questions or concerns about your child's progress, I encourage you to contact your child's teacher.

**Please activate your new Edsby account**

Edsby will be the main source of calendar information, classroom news, student achievement updates, attendance, and student progress reports.

If you have not yet registered for Edsby, please go to the following [link](#) to review the registration instructions. Edsby can be accessed on your computer or by using a convenient phone app. Please contact your school if you need assistance.

We thank you for your patience and understanding as we navigate these system changes. We also want to recognize and thank our teachers for their patience and perseverance throughout the transition to Edsby.

Sincerely,

Director of Education

- Please go to the following link to access your account: [Edsby: Login](#)
- Additional Edsby resources on setting your notifications, doing attendance, communicating with teachers and more can be found on the [Prairie Spirit Parent Portal](#)
