

Email Setup – Android and Apple mobile devices

1. Install the 'Microsoft Outlook' app  onto your device.
The following are links to 'Microsoft Outlook' for the Google PlayStore and the Apple App Store.

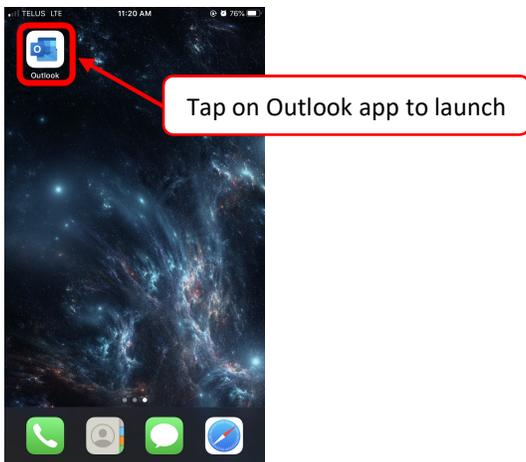

Google PlayStore (Android)

<https://play.google.com/store/apps/details?id=com.microsoft.office.outlook&hl=en>

Apple App Store (iOS)

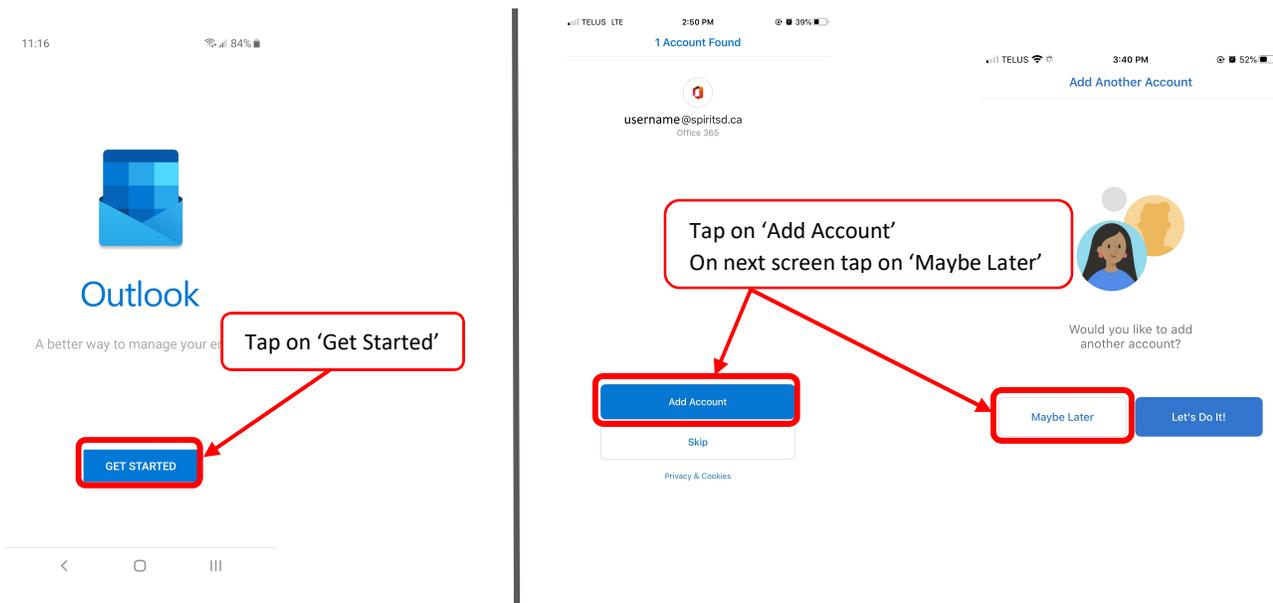

<https://apps.apple.com/us/app/microsoft-outlook-email-calendar/id951937596>

2. After 'Microsoft Outlook' app has been installed onto your device, tap on it to launch it

3. If this is your first time setting up a Prairie Spirit email address on your device, tap on 'Get Started'. Now proceed to Step 4.

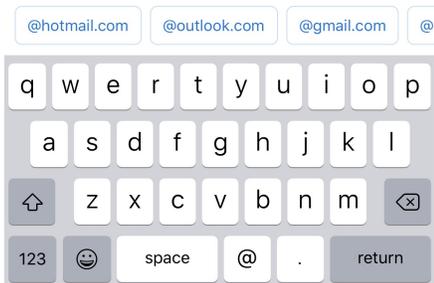

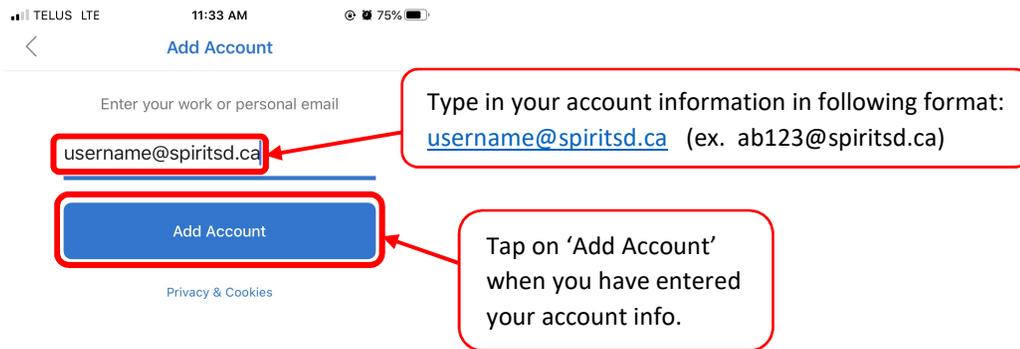

If you have set up your Prairie Spirit email on your device previously, it will display a different screen. Tap on 'Add Account' then tap on 'Maybe Later'. **You should now see your inbox and have completed email set up on your device.**

4. On the 'Add Account' screen, type in your account information in the following format:

username@spiritsd.ca (ex. ab123@spiritsd.ca)

Tap on 'Add Account' when finished.

5. You will be redirected to a login page. Enter your credentials in the following format:

username@spiritsd.ca (ex. ab123@spiritsd.ca)

your password

Tap on 'Sign In' when finished.

Sign in with your organizational account

username@spiritsd.ca

Type in your account information in following format:

username@spiritsd.ca (ex. ab123@spiritsd.ca)
your password

Sign in

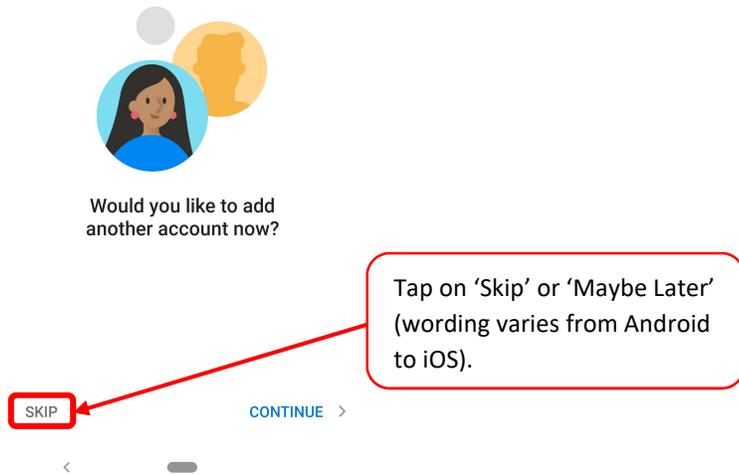

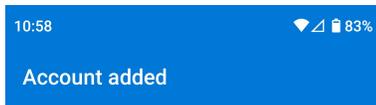

Tap on 'Sign In' when you have entered your account info.

Login using your web credentials.

Example: ab123@spiritsd.ca

Please keep your Prairie Spirit login secure by regularly updating your password.

6. You will then be prompted to add another account. Tap on 'SKIP' or 'Maybe Later' (the wording is different on Android vs iOS)

7. You have now completed the email set up for the Outlook app.
