Revised October 2020

PRAIRIE SPIRIT
SCHOOL DIVISION
Learners for Life

Introduction:

The following pages are a condensed version of the original CFR documents for reading and writing created in 2015 by the Ministry of Education in partnership with a team from Saskatoon Public School Division.

In order to make the document more user-friendly for classroom teachers, Prairie Spirit School Division sought to create a similar resource that teachers could use for the purposes of assessment, reporting to parents, and directing their teaching practice. Key features are as follows:

1. One document has been created *for each grade* to reduce superfluous material.
2. The rubric is intended to be compact and easy to scan visually as a single two-sided document. The descriptors come straight from the original CFR documents.
3. The rubric is formatted as a checklist for teachers to use as formative assessment.
4. The rubric includes a space for student information so that teachers can print one for each EAL student to easily track their progress.
5. An appendix is included with material referred to in the rubric (ie. Sight word lists, semantic maps, vocabulary templates, etc.).
6. Grade level expectations are included from the original document in order to make it applicable to all students.
7. Writing exemplars from the original document are included to assist teachers in comparing and scoring accuracy, not only for the EAL student but for all students.

The rubrics in this document are intended for teachers as a way of updating parents on student progress during parent teacher interviews and/or for conferring with other teachers on student achievement. **These rubrics are NOT intended to give to parents.**

Prairie Spirit would like to acknowledge the Ministry of Education for their funding which allowed this document to be created as well as to the EAL team of Prairie Spirit including:

General Overview Grade Six Writing

A1.1	<p>Grades 6 students at A 1.1 can write the alphabet independently and, with assistance, some simple words. At the A 1.1 stage, students can print their own name, copy/write names of familiar objects, and convey meaning through drawings. They are aware of sound to symbol relationships, often representing a word with its beginning consonant. With assistance, they can write a patterned sentence and can fill in a questionnaire about themselves.</p>
A1.2	<p>Grades 6 students at A 1.2 are beginning, with support, to use subject area vocabulary and descriptive words. Their ideas are beginning to be connected by a topic. They are able to produce simple descriptions of everyday objects, simple informal messages, as well as label diagrams. They are attempting to use capital letters and punctuation as well as the lines on their paper. They are able to produce simple sentences, including questions, in the present tense using familiar, learned patterns.</p>
A2.1	<p>Grades 6 students at A 2.1 use straightforward sentences and expressions to describe such things as their surroundings, their daily activities, and the people around them. They are using descriptive words, singular and plural word forms, prepositions, and transitional words.</p>
A2.2	<p>Grades 6 students at A 2.2 describe common objects or familiar places using short, straightforward sentences. They are using important connecting words, transitions, and more varied sentence types. They are attempting more advanced types of punctuation.</p>
B1.1	<p>Grades 6 students at B 1.1 have sufficient vocabulary to express themselves on most familiar topics of interest to them. Errors occur, but the intent of the communication is usually clear. B 1.1 students are beginning to use academic vocabulary and are capable of writing in a number of genres.</p>
B1.2	<p>Grades 6 students at B 1.2 can write about familiar topics using comparison and contrast; describe objects of interest including the advantages and disadvantages involved; and present a personal opinion about an issue. These students can write brief descriptions of a process using appropriate transitional language. Their use of punctuation approaches that of grade level as does their facility to use appropriate conventions and spelling.</p>
