

How to Print your CFR document

The CFR document is a mixture of 8 ½ x 11” and 11 x 17” paper. In order for things to come out correctly, here are a couple tips:

1. Click the box labelled “CHOOSE PAPER SOURCE BY PDF SIZE”.
2. Click on “FLIP ON LONG EDGE”
3. If you’re printing for several teachers, just print ONE first to make sure it’s printing correctly.
