New students or students with new information

- For new students, or those changing their primary address, the **2026-2027 Primary Transportation Request** form must be completed: [BusPlanner Workflow](#)

To help ensure a smooth registration process, confirm that your address is up to date with the school.

Students will require their **Student ID# or Pupil #** when filling out transportation forms. This is one way to ensure you have registered at your school before applying for bus services.

You can contact the school or look on Edsby for your Student ID# or Pupil #. If you do not have one of these numbers yet, you will have to wait to fill out the busing request form.

- Students requesting transportation to a non-primary address must complete either a **Childcare Request form** or an **Out of Area Safe Location form** (if you reside outside the school's attendance area).

 - [Non-Primary Transportation Request - Requestor](#)

Before filling out the Out of Area Safe Location transportation form, please ensure you have also completed the Out of Attendance Area form with the school.

Note: Students who are currently registered for transportation to a childcare or safe haven location must reapply for these services every year.
