

Warman Elementary School Urban Busing

Warman urban busing is offered to Warman Elementary students based on their distance from the school. The Prairie Spirit Board of Education determined the criteria for in-town busing in the City of Warman. The criteria is walking a distance of more than 1 kilometer from the school. The walking distance is calculated using Prairie Spirit's electronic bus mapping program. Urban busing is only available to Warman Elementary School students living within the boundaries shown on the following middle school map.

Students new to Warman Elementary busing system or students who have moved within the community since last being issued a bus pass will need to complete a bus transportation request form.

[Warman urban bus transportation request forms](#) are available on the Prairie Spirit [website](#) or from the Warman Elementary School. Please allow a one-week turnaround time for a bus pass to be completed during the school year. Bus passes are sent on a weekly basis to your child's school. Bus passes will be sent home from school with your child or you can pick up the pass at the school. You do not need to apply for a new bus pass annually as new passes will be issued to students and sent to their school in late August.

Only students with bus passes will be allowed to ride the bus. The bus pass will include the bus colour, bus stop number and description of the bus stop. The student must get on the bus at the stop indicated on the bus pass.

September:

Please check the Maps with Bus Stop Times at the beginning of each school year and throughout the month of September. Times may be adjusted as we are unable to anticipate actual times until the majority of students have registered for bus service.
