  - a) Flags will be removed on the last day of the school year and raised at the start of the new school year in order to ensure they are raised and lowered appropriately when staff are in the building.
- 3) The *Canadian Charter of Rights and Freedoms* shall be displayed in each school.
- 4) The Broad Areas of Learning (*Lifelong Learners, Sense of Self, Place and Community, and Engaged Citizens*) shall be addressed in all provincially approved curriculum and will be considered generally as the basis for citizenship education across the school.

- 9) In planning to display symbols or documents related to Treaty Rights and Truth and Reconciliation (e.g., Treaty medal, Treaty flag, Métis flag, the Residential Schools Apology, etc.), the following will be considered:
  - a) The raising or displaying of Treaty symbols should be surrounded by learning, before, during and after the event.

- b) Displaying Treaty symbols will inherently include a sense of a commitment to ongoing learning and strong relationships.
- c) As a treaty is a symbol of partnership, displaying a Treaty symbol may also include a partnership with a local First Nation neighbour or a First Nation family. Within this partnership, consultation and collaboration about protocols for displaying a Treaty symbol would be appropriate.
